

# Pills 'n' Potions

Pills 'n' Potions Medicines Management is designed for care workers to gain the knowledge required to safely assist with the administration of medication within Domiciliary care services under the guidance of the Medicines Management Domiciliary and Care Homes Group.

During the course you will be supplied with a guided study book. This will enable you to take notes and quickly learn the importance of medication and the responsibility, which goes with this task.

## Learning outcomes:

- How to give medicines whilst working in a domiciliary care setting
  - Medication storage
  - Administration of medication
  - Doses and instructions
- Legislation framework & how it fits into the tasks of medication management
  - The way drugs work
  - Problem solving in medication
  - Record keeping

## Lunch & refreshments provided 09:30 – 16:00
